## Experience

---

<b>Teaching Assistant   Williams College</b>	Fall 2016
Writing tutor for The Literary Afterlife, an advanced English seminar	
<b>Intern   The Lodge, NYC</b>	Summer 2016
Wrote music for corporate clients (PepsiCo, McDonalds) as member of creative team, often convinced clients to take spots in bolder creative directions, polished music production skills	
<b>Web Developer   Harvard College Undergraduate Research Association</b>	Summer 2016
Completely overhauled HCURA websites to modernize appearance and improve usability, conducted analytical survey from which I developed a marketing strategy to expand the organization's national presence	
<b>Game Designer   Roblox.com</b>	2014 - 15
Developed 3D, interactive environments for independent Lithuanian dev team using the Roblox platform and Lua programming language. Analyzed customer data, decided to expand to younger demographic, designed content accordingly. Launch of my content increased annual revenue by 30% to \$125,000	
<b>Macroeconomics Tutor   Freelance</b>	Summer 2014
Worked with students at Eastern Florida State College to help them understand essential concepts in macroeconomics	
<b>Piano Accompanist   Williams College Music Department</b>	2014-present
Accompanied solo performers and ensembles
